# WASAGA BEACH REAL ESTATE MARKET REPORT: FIRST QUARTER 2017

# Overview: Record Dollar Sales And Prices, Big Demand For Listings

- Thanks primarily to a strong March market, record dollar sales of \$54,263,840 were up 14% from Q1-2016's previous record, while unit sales of 142 were down 6%.
- New listings of **181** were down **30%** from Q1-2016, while expired listings of **8** were down **79%!** Overall, there was a Q1 record **78%** sales/listings ratio, up **13%** from last year.
- The area saw a big 22% jump in the average sale price to \$382,140, while the average days-on-market dropped a huge 6½ weeks to 26 days. The higher prices and shorter sales times were partly due to multiple offer and overprice offer situations.
