OVERVIEW

SELLER'S MARKET

In Owen Sound, the real estate market shifted into seller's market territory this March, driven by tightening inventory and a notable increase in sales activity year-over-year. The median sale price declined 18.18% to \$450,000, while the average sale price dipped 7.80% to \$470,862, reflecting some downward pressure on pricing despite stronger demand. Sales activity increased significantly, with sales volume rising 26.17% to \$12,242,400 and unit sales climbing 36.84% to 26 transactions. At the same time, new listings dropped sharply by 38.60%, contributing to constrained supply, while expired listings rose 66.67%, indicating some properties are still missing the mark on pricing or positioning. With the unit sales-to-listings ratio reaching 74.29%, market conditions now favour sellers, with limited inventory creating increased competition among buyers.
